# GOALS AND OBJECTIVES

## Goals

Increasing loyalty of our customers in 3 European Countries

---

## Objectives

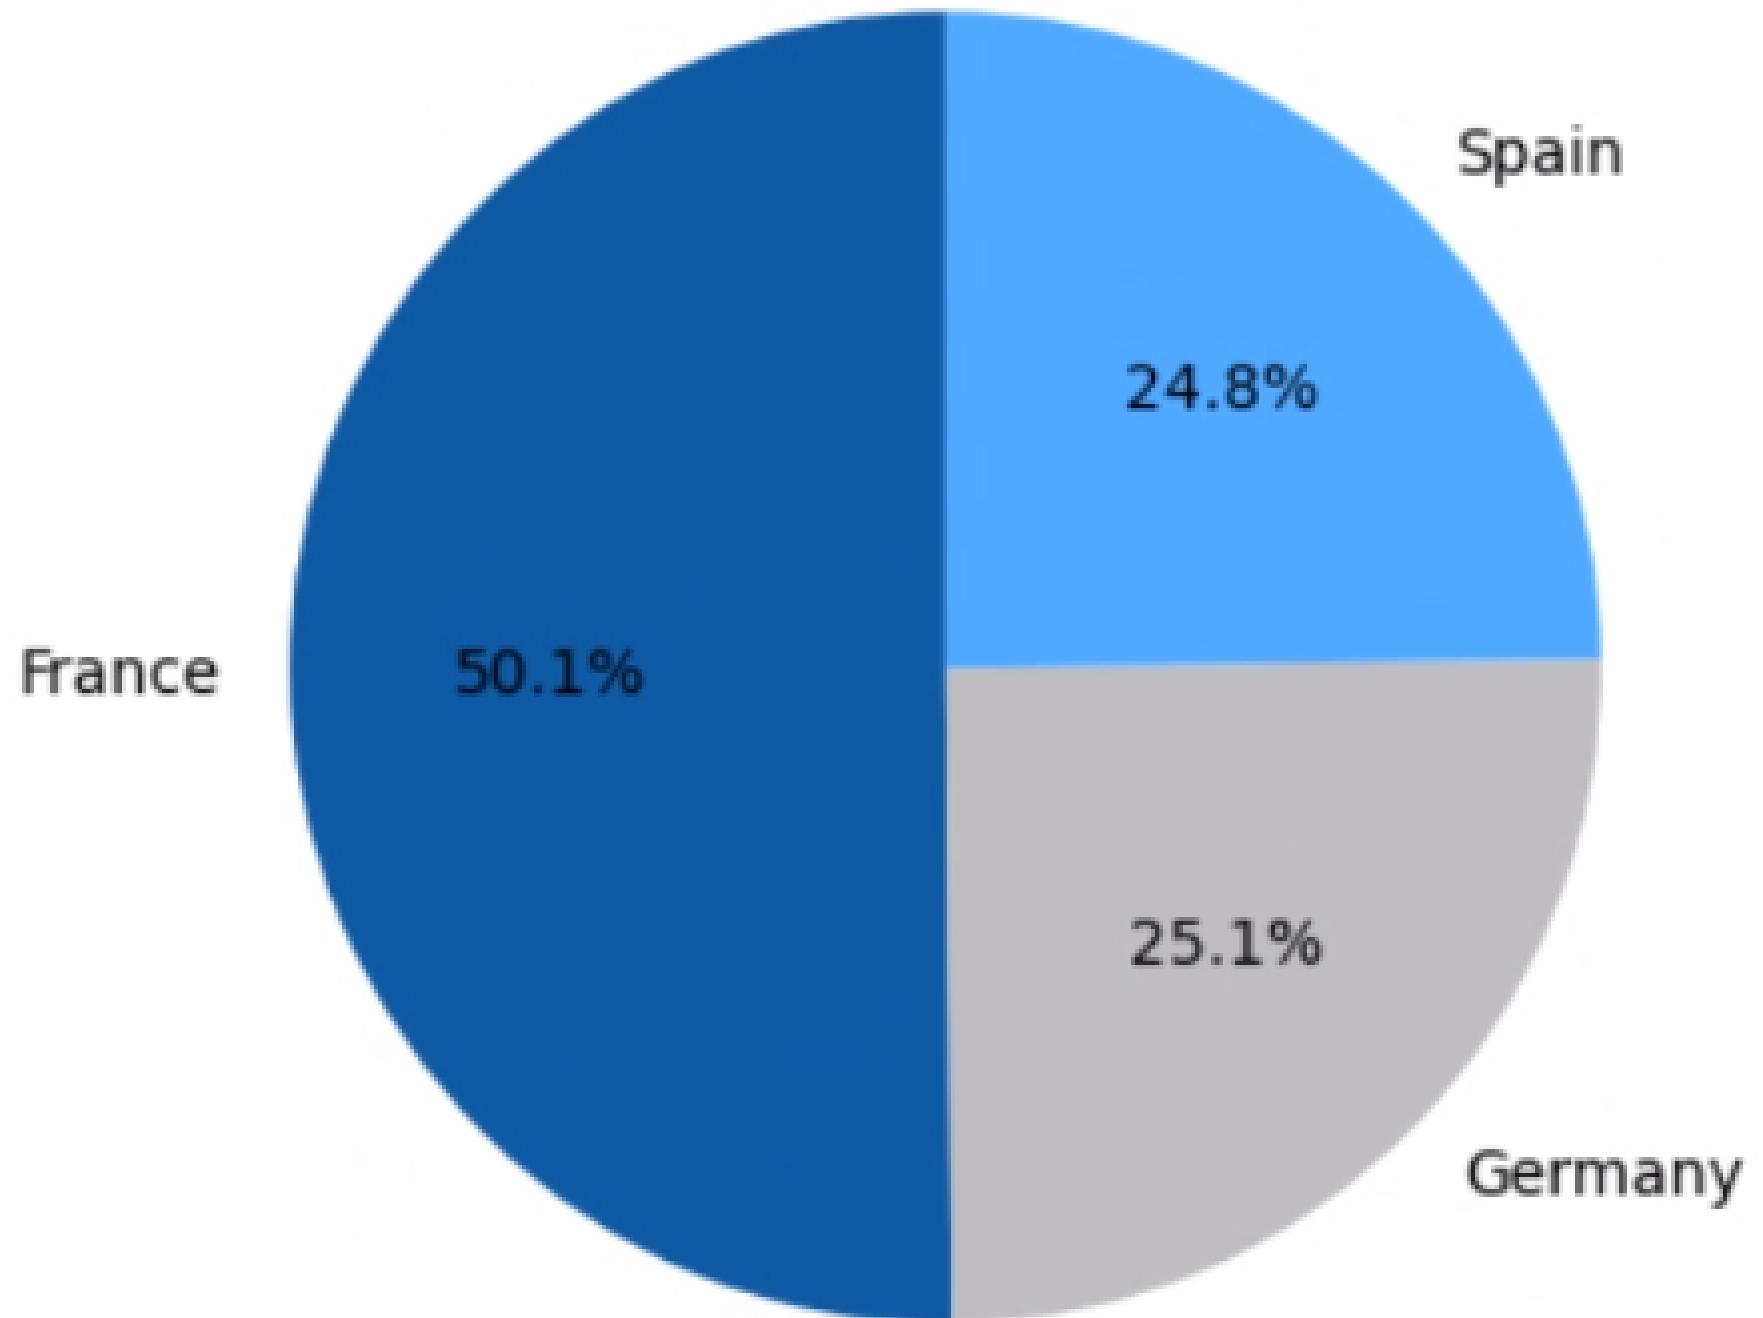

Increase customer retention and product's usage over the year

---

# Customer's Distribution per Country

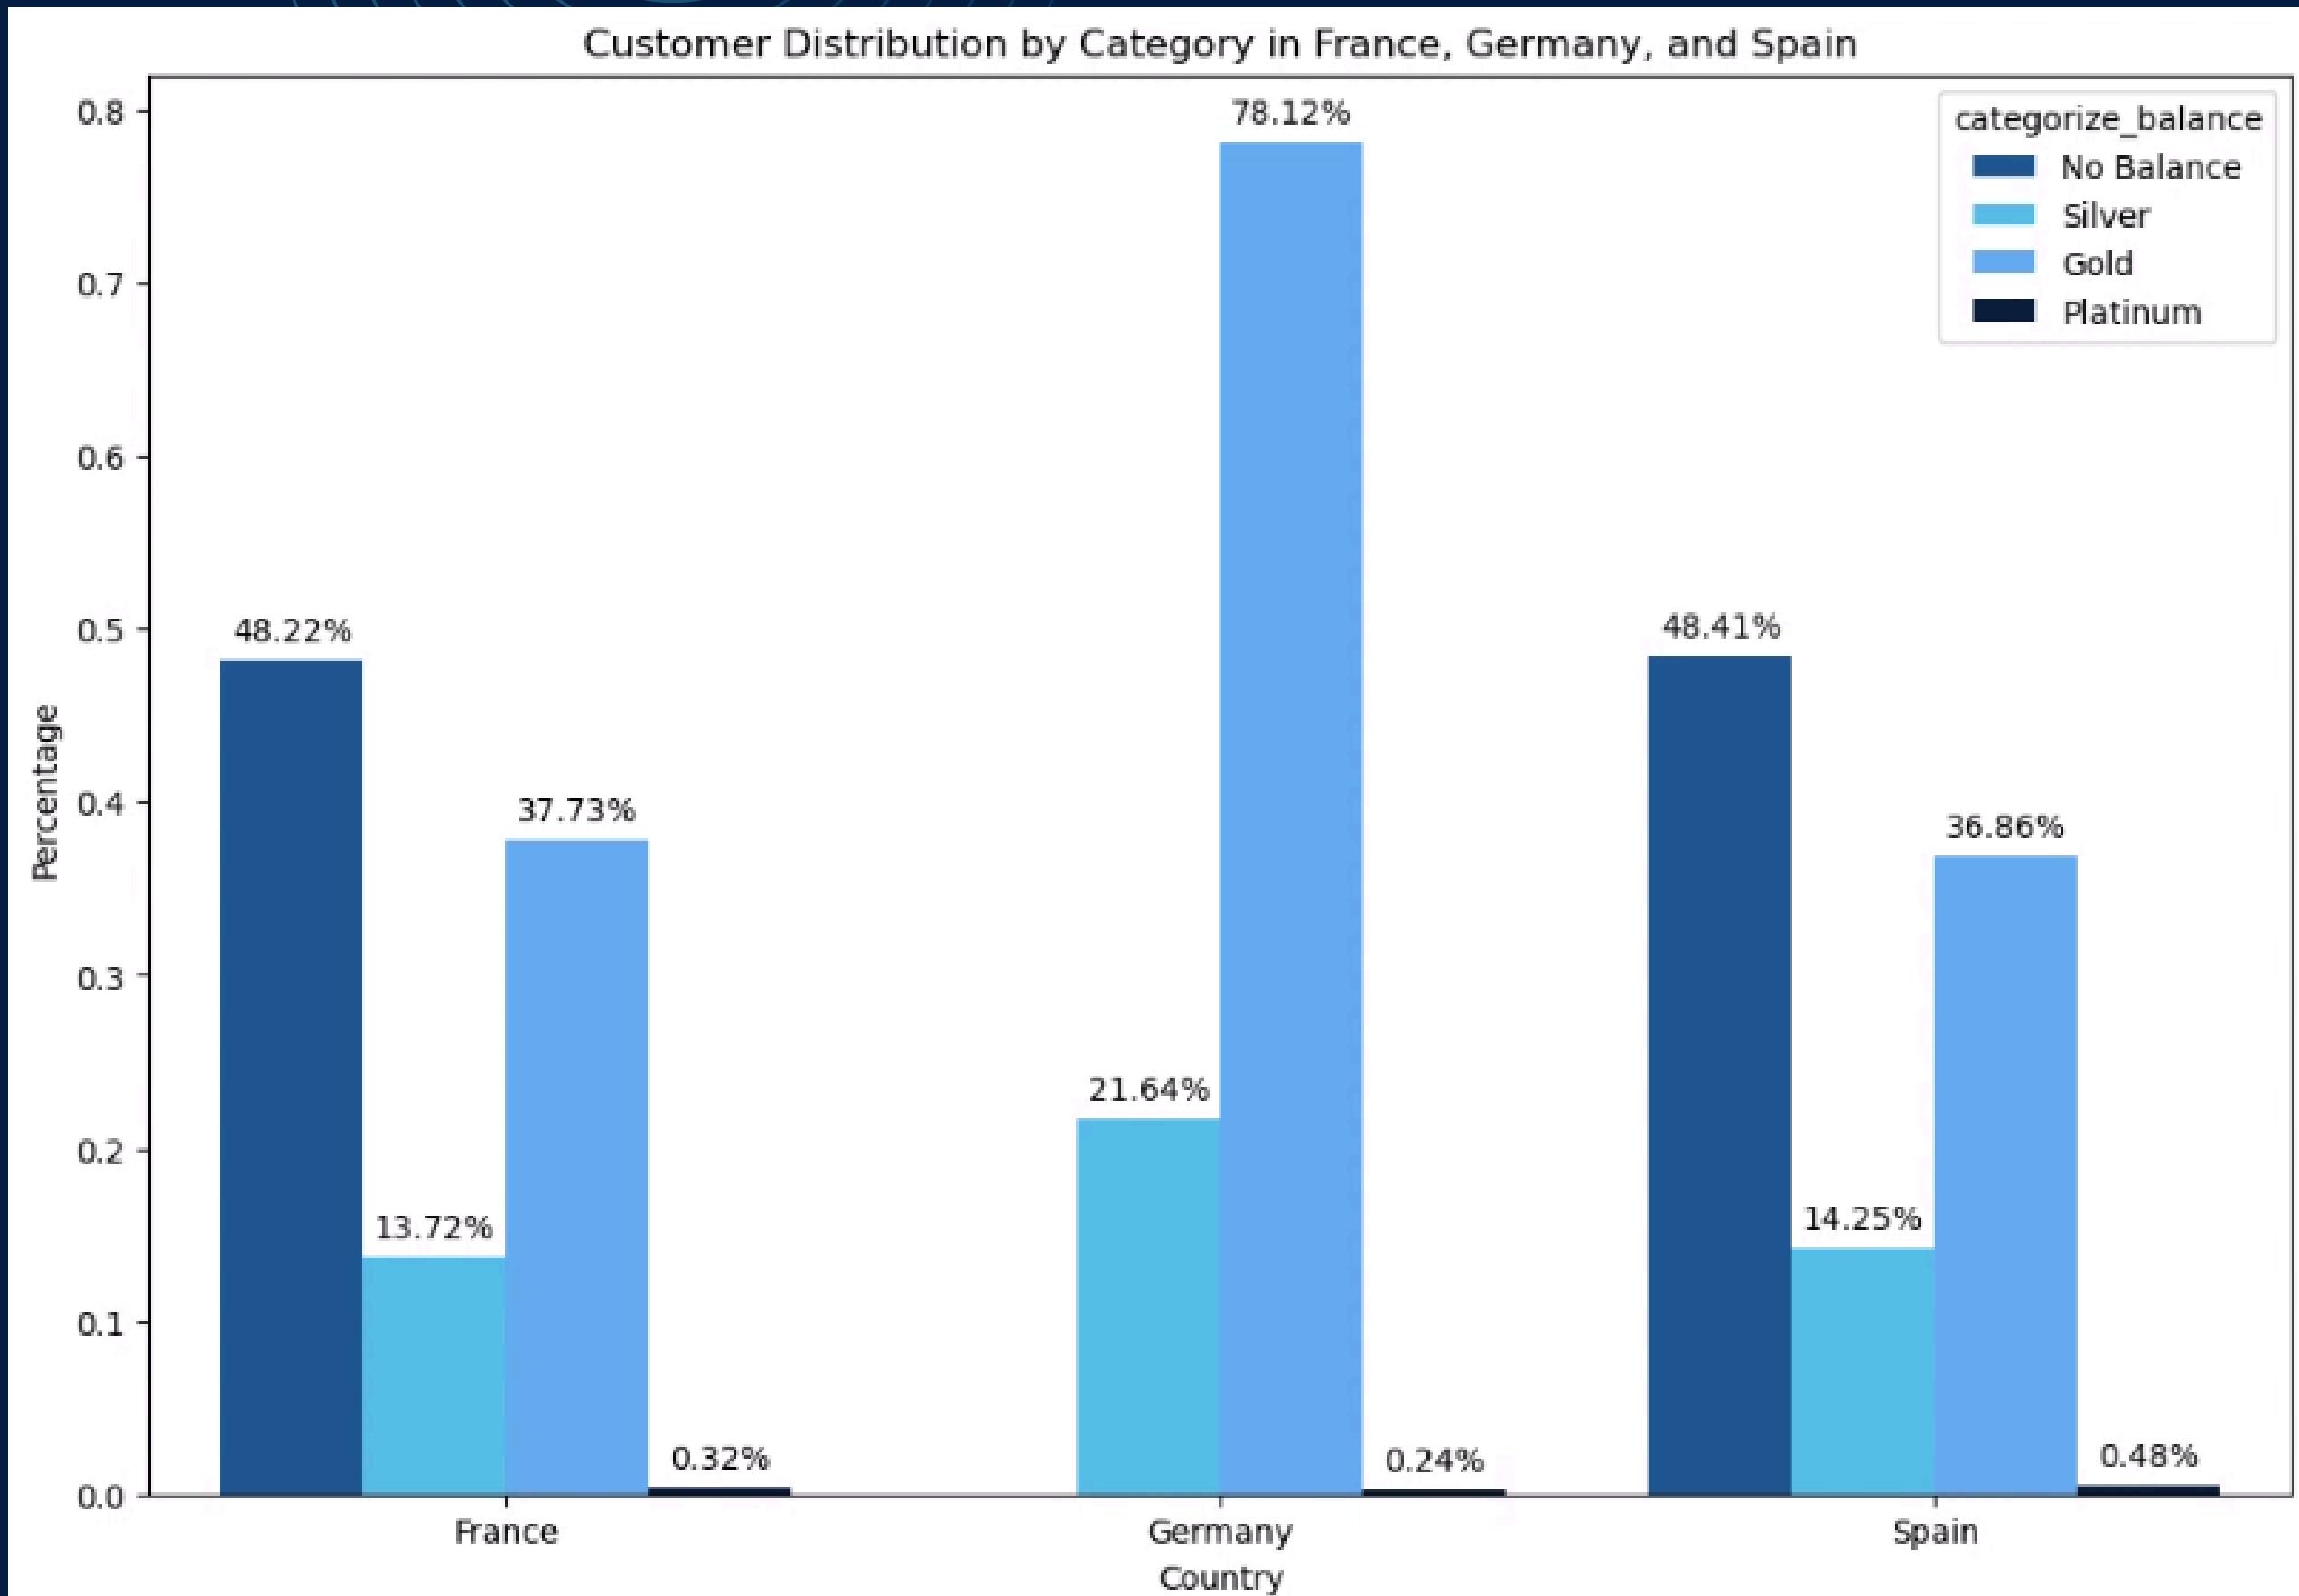

- The majority of the customers are in the French Market with the average tenure 5 years

Customer Distribution per Country

# Customer Segmentation

- France might have the biggest amount of customers, however the OEUR accounts are around 49% of them
- Germany has no customers with OEUR and the customers with the higher amount of bank deposits
